## **TERMS OF REFERENCE**

### **SERVICES, SUPPLIES, AND INSURANCE FOR THE TRANSPORT OF THE STONEWARE COLLECTION FROM THE ILOCOS REGIONAL MUSEUM IN VIGAN CITY TO THE NATIONAL MUSEUM OF ANTHROPOLOGY IN MANILA**

#### **I. OVERVIEW OF THE PROJECT**

The National Museum of the Philippines (NMP) and the Gokongwei Brothers Foundation, Inc. (GBFI) signed a Memorandum of Agreement on April 2021 for the development of Elizabeth Y. Gokongwei Ethnographic Stoneware Resource Center and Visible Storage at the 5F, East Wing of the National Museum of Anthropology. The GBFI will provide the funding for the proposed project which will be implemented by the NMP through proper coordination with GBFI.

A non-stock, non-profit corporation committed to help uplift the socio-economic condition of Filipinos through the funding of educational projects, GBFI believes that learning and education should encompass having an understanding of self and heritage, which is essential to the holistic development of the Filipino learner.

The visible storage and resource center will house the NMP's ethnographic stoneware collection, which proudly traces its roots from the different ethnolinguistic groups in the country, including Ilokano, Ibaloy, Bontok, Ifugao and Gaddang communities in northern Luzon; Pala'wan and Tagbanua communities in Palawan; and Maguindanao, Maranao, and Tausug communities in southwestern Mindanao. The visible storage will also include a designated space for documenting incoming and outgoing reference collections where they will be registered, assigned a number, examined, and photographed.

At present, around 60% of the collection is stored at the 5th level, East Wing of the NMA where the proposed space for the Elizabeth Y. Gokongwei Stoneware Resource Center and Visible Storage will also be located, 30% are stored at the Ilocos Regional Museum and Satellite Office (IRMSO) in Vigan City, and 10% are exhibited at the Faith, Tradition, and Place: Bangsamoro Arts from the National Ethnographic Collection and upcoming Northern Luzon gallery at the 3F of the NMA and others are displayed in the NMP regional, area and site museums in Ilocos, Ifugao, Benguet, and Palawan.

## II. OBJECTIVES

The stoneware collections are considered or presumed as cultural properties or Important Cultural Properties (based on Republic Act 10066) because of their production dates. Through the development of a visible storage and resource center, the NMP and GBFI hope to preserve and provide an open access to the extensive stoneware collection of the NMP, as well as reference materials for educators, students, researchers and the general public. This also aims to showcase best practices in collections management including documentation, proper handling, and maintenance. This will further enhance the public's museum experience and engage them in documenting ceramic traditions in the country to gain better understanding of these collections in relation to Filipino culture and identity.
